

# SCRIP TALK

OFFICIAL PUBLICATION OF NATIONAL  
SCRIP COLLECTORS ASSOCIATION

+++++  
+ VOL. 3 - NUMBER 29 DECEMBER 1974 ISSUE +  
+++++

**THE NEWS  
IS OUT...**

COLONEL CALDWELL HAS JUST PURCHASED THE LARGEST  
COAL SCRIP AND LUMBER TOKEN COLLECTION KNOWN !

REAL ALL ABOUT THIS "FIVE FIGURE" COLLECTION ON THE  
MAIL AUCTION SALE PAGE IN THIS BULLETIN !! YOU THE  
COLLECTOR WILL BENEFIT FROM THIS PURCHASE....

**FLASH!**

RECORD BROKEN ON COAL TOKEN SALE !! A reliable source indicates  
that a coal scrip token exchanged hands during the Pittsburgh Jamboree for a  
price of \$200.00. We will attempt to secure more information on this token  
for the next issue of the bulletin !! As has been in previous issues, coal mine  
scrip is on the move !! What with coins costing so much, collectors are  
moving toward token collecting. When the Edkins book is published, the  
collecting world will know about coal tokens !! You can be on the ground  
floor by starting your collection now !!

PITTSBURGH TOKEN JAMBOREE A HUGE SUCCESS !! Although attendance was not as expected,  
those collectors present indicated that they were pleased with the entire event. Many, many of  
our members from several states were in attendance and many new friends were made ! It was  
indicated by Chairman Duane Feisel that the next event would be held "out of the city" area  
since many indicated a dislike for downtown meetings. Although the general collecting public  
are not fully aware presently of coal tokens, much activity was generated in this area and several  
new collectors applied for membership in NSCA ! See the membership report in another section.

## P R E S I D E N T ' S   R E P O R T   1 9 7 4

The October meeting in connection with the Jamboree East token event will be our first NSCA meeting in the Pittsburgh area. We look forward to meeting our many Pennsylvania members during this event at Hotel Webster Hall on Saturday, October 5, 1974. It is our hope that many of the token collectors present will become interested in coal mine scrip tokens as a result of holding our meeting at the same time as the Jamboree East event.

JAMBOREE EAST TABLES : Since some of the officers did not feel that NSCA funds should be used to purchase a table, several of the individual members have paid for tables for their personal use. Your President and Paul Jensen are sharing one table and will pass out NSCA material from this table. Thus, no organization funds will be used at the Jamboree East event.

MEMBERSHIP REPORT: 1975 membership cards will be mailed starting with Member No. 266, thus we have signed 265 members during our first membership card year. As of this report, a total of 282 members have been signed for NSCA with 40 states being represented. West Virginia, Kentucky and Pennsylvania are the top states in number of members signed.

1975 DUES ARE DUE: If you have not mailed your \$3.00 - please do so at once !! Extra notices cause additional wear and tear on your acting secretary and we hope to renew all of the present members as soon as possible. If your membership number is before 266 and you have not paid, please mail in \$3.00. At this price, your membership represents a real bargain - each issue of "Scrip Talk" bulletin could well bring you token finds in excess of the dues charge !!

MEMBERSHIP CONTEST: We need more activity from the present members! As you will recall, a \$50.00 set of coal scrip (something that you will not have) will be awarded to the top membership recruiter during the contest period which will end at the close of our Spring 1975 meeting. Incidentally, every person that you get interested in collecting coal mine scrip tokens will mean that the value of your individual collection will go up !! The more collectors - the more demand for items to complete sets, etc. Every present member should make it a special point to enroll a new member!

SPRING 1975 MEETING: Any person wanting to host the NSCA Spring 1975 meeting should contact the president without delay. A decision and date will be announced shortly. Several persons have indicated that they would like to come back to Fayetteville (no room charge at Legion building). So, watch the bulletin for place and date.

TREASURY BALANCE: NSCA balance at Fayette County National Bank is \$817.53. Approximately 20 dues for 1975 have been received which will be deposited to our account shortly.

MAIL AUCTION BIDS: Since profits from the Mail Sale in each bulletin go to offset the cost of electronic stencils, mimeograph paper, stamps, envelopes, etc. we must depend on your active support by bidding on the tokens in each sale !! Can you imagine what it would cost to get the bulletin published each issue if we had to pay for it out of organization funds? We urge that you help us to continue the bulletin !!

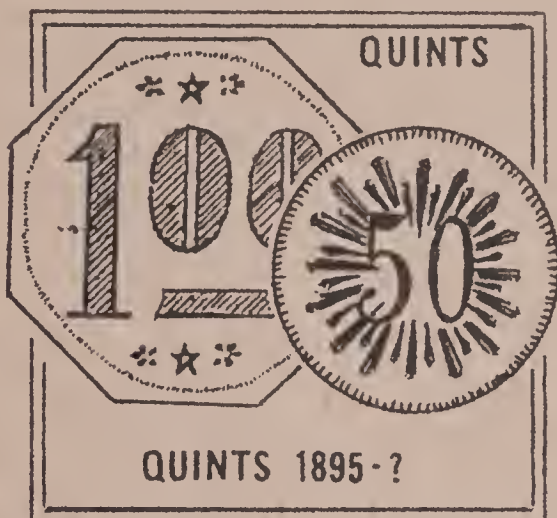

## CRAIGO WINS TOP ANA AND TAMS AWARDS

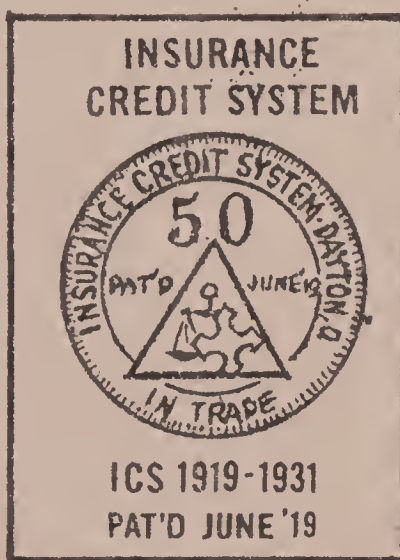

Scriptor Robert W. Craigo captured the first place award for tokens at the ANA Convention held recently in Miami with a four case display of coal scrip tokens. Too, he was awarded the TAMS Donald Miller plaque award for the best token display at the convention. Case 1 featured a map of the United States with a coal token from each state having coal - Case 2 featured a map of W. Va. with a coal token from each county - Case 3 featured Kanawha County with a token from each known mine in the county - and Case 4 featured a town (Ward, W.Va.) with various tokens, maps, pictures, etc. from this one mine. His efforts in this direction certainly will interest more collectors in our interesting hobby since thousands of people viewed the impressive exhibit. See October 1974 TAMS Journal and October 30th issue of Coin World for additional details.....

## MAIL AUCTION SALE

MAIL AUCTION SALE NUMBER 21  
CLOSING DATE: OCTOBER 25, 1974

\*\*\*\*\*

On tie bids, earliest postmark was awarded the lot !! On numbers not shown, no bids were received !! Others charge \$1 or more for the Prices Realized lists !! This is an extra FREE bonus for all "Scrip Talk" readers. We urge that you record these prices on your last "Scrip Talk" bulletin so that you will have an up-to-date record of what scrip tokens are worth and you will have an ideal guide for making future bids !! Remember, coal mine scrip is on the MOVE !!

.....

Let me again remind you that material is being offered in the next few sales from the world's largest known coal and lumber token collection !! Do not fail to get your share of these tokens - many are rare - and probably will not be offered for sale in the near future !! Too, I urge that you pay close attention to the many varieties being offered - check the Scripident Chart in this issue of the bulletin for the type numbers. As you are probably aware, some coal companies ordered scrip from different manufacturers and for some companies, many varieties and types are known !! These next few sales will give you a wonderful opportunity to build up your collection before the big book on coal scrip is released !! It will have an up-to-date valuation scale based on the number of known pieces in circulation for each of the approximate 10,000 items that will be in the catalog !! Opportunity is knocking -- answer the door !! Mail your bid sheets early !!

COLONEL CALDWELL'S

# MAIL AUCTION SALE

We've  
hit  
the  
jackpot

Now  
10

%

SALE NUMBER: 22

CLOSING DATE:

December 15, 1974

The Colonel has purchased a fabulous coal mine and lumber scrip collection !! This has to be the largest known collection ever assembled -- approximately 595 complete sets of coal and lumber -- about 5300 all diff. pieces -- representing 34 states --

Items from this collection as well as my own collection will be offered in the MAIL AUCTION SALE for the next few months !! What an enormous task to just get the items listed and in order !!

This fabulous collection contains many rare items that you may NEVER have a chance to acquire again !! We urge that you check the bid lists carefully and acquire the ones that you need!! You will never regret your decision once the Edkins book is released !!

Please note that some items carry a MINIMUM BID and are marked "MB". The (est. figure in parens) is a guide for your bidding based on the previous owner's records of purchase.... Remember, this was a "five figure" purchase and is GOOD coal and lumber material....

IN RESPONSE TO MANY REQUESTS, WE WILL USE THE 10% RULE IN THIS SALE AND SEE WHAT RESULTS !! If there is a particular piece or set - bid what you want !! Your bid will be reduced to 10% above the next highest bid. This will give you a better opportunity to acquire many of the rare ones in this special sale.... Too, all items carry the 50¢ MB per token as in previous sales....

NOTE: 10% RULE WILL APPLY ON ALL BIDS OF \$5.00 OR OVER

End of Sale Number 22 -

.....  
As you can see, we have barely scratched the surface of this gigantic collection - getting only thru the letter "C". We urge that you check each item carefully - much of this material will probably never be offered again soon! The success of this first sale of this collection will determine the future offerings ! As previously noted, some of the items carry a starting minimum bid and are marked "MB" .. Too, the "Est figures" are a guide for your bids based on what the former owner paid and in line with current projected prices of the tokens !! Too, please note that varieties of types and styles exist on many companies! We have made an effort to correct list the styles and have used the Scripident system to describe - ((see the chart in this issue of the bulletin)),  
+++++

# SCRIP TALK ADS

Token ads will be encouraged from the club members as suggested at Huntington meeting with the following rates to apply:  
For camera ready copy: \$20.00 full page - \$10.00 half page - \$5.00 for a quarter page. The bulletin is prepared by a photo-electronic stencil process. If you use typed copy, make sure you use a carbon ribbon typewriter which will produce fine results! Too, ball point pen and felt tip marker type pens will reproduce in good quality! If you want the bulletin editor to re-type and work out your ads, just **DOUBLE THE ABOVE RATES!** The idea is that your editor does not have much time, thus, you save money by preparing your own ads!!  
.....

200. Cowan, Hal C Coalvale Kansas - 5¢ alum - solid - unk mfg - (Abbot Coal Co) RARE MB \$6.

TID - BATS as time and space permits..... Your President called Scriptor Don Edkins from Pittsburgh and learned that he had suffered a heart attack and had to cancel out on his trip. He has returned home from the hospital and says that he will be taking it easy for six weeks or so while working on his book on coal scrip..... Scriptor Gordon Dodrill has kindly donated his research material on all of the 20,000 coal company stores that were listed in his book. The 3 x 5 cards and file cases were transported back to Fayetteville and will be available for club members for research. The cards show the dates the company operated, the number of employees, location, store buyer, former owners, etc. We appreciate this valuable contribution to the club..... Scriptor Dave Zegeer is mentioned in the new book "One Sunset A Week" the story of a coal miner. Available from the Book of the Month Club, it gives an interesting story on the life of a coal miner and the operation of mines, etc. .... Scriptor Paul Mace of Cleveland was in Pittsburgh and offered congrats (along with many others) on your President's election to the Board of Directors of TAMS (Token and Medal Society). Met many, many of our members during the Jamboree - hate to start listing names for fear that I will miss some but included were: Dale Grim, Dr. Aqua, Al Zaika, Paul Cunningham, Frank Beam, Duane Feisel, John Fliss, R. R. Tippy, George Fuld, Rich Hartzog, Harold Lee, Charles Littlefield, Ben Odesser, Paul Dillingham, Gordon Dodrill, Ancil Donohoe, Hal Dunn, Glenn A. Rome, David Schenkman, Arlie Slabaugh, Vernon Smith, Paul Whittaker, Harold Snodgrass, and several more..... The National Treasure Hunting Bureau, 806 North Ave., Battle Creek, Mich. 49017 mentioned our group in one of their releases. They sell metal detectors and will send information if you are interested..... Scriptor Steve Penzes found that his collection had been taken when he returned to Detroit from ANA in Miami Beach..... Scriptor William Gray inquires about 1¢ scrip tokens... Not all companies had 1¢ pieces and most collectors consider 5¢ thru \$1 as a full set. Too, only a small number had \$5 or larger tokens, thus, they consider the 1¢ and \$5 etc. as not in the set. Too, most 1¢ tokens were not punched due to the size..... Scriptor Patrick Hogan inquires about having the NSCA chartered as a non-profit educational group. This would give us a postal advantage and other advantages for the membership and this matter will be explored. Should have information to present to Spring Meeting..... More later and good hunting !!

# MEMBERSHIP REPORT

\*\*\*\*\*  
SCRIP TALK  
DECEMBER 1974  
\*\*\*\*\*

The following new applications have  
been received since the last bulletin!

If no objections are filed, they will become  
members 30 days following publication date !

Name in (parens) is person to receive credit  
in the big membership contest ! Remember,  
the person signing the most by date of Spring  
meeting will win a FREE \$50.00 set of coal  
scrip ! You can be a winner ! Make use of  
the application blank below.

**REMEMBER !!** Every new collector that you help to get started automatically makes  
your own scrip collection more valuable !! 'Tis the ole theory of supply and demand-  
only so much coal scrip was made and demand makes it more valuable.....
